

**We call on the Mayor and City Council to take the following four actions:**

- 1. Immediately end the practice of hiring private planning consultants to process development applications within the city’s Planning Approvals branch.**
- 2. Immediately end the practice of the City committing to support any specific change in zoning during confidential preconsultations with a developer or property owner.**
- 3. Commit to working towards banning campaign contributions from the development industry and ban gifts to Councillors.**
- 4. Update the comprehensive zoning bylaw so that it implements the Official Plan.**

Signed,

	<b><u>Ward</u></b>
